

# IOLA REGISTER

SCOTT & ROHRER

FRIDAY, SEPTEMBER 10, 1884.

TERMS:  
One year, in advance, \$1.50  
One year if not in advance, \$2.00  
Six months, in advance, \$1.00  
Three months, in advance, \$0.50

OFFICIAL PAPER OF COUNTY.

## ANNOUNCEMENTS

At the request of numerous friends I hereby announce myself as a candidate for the office of County Superintendent of Public Instruction.  
MRS. H. M. MCCORMICK.

## NOTICE TO SUBSCRIBERS

We have on our list quite a large number of subscribers who have paid nothing on their paper since the present firm assumed the management of it, Oct. 1, 1882. The amount that each one owes us is small, but the aggregate amount is very considerable and we would take it as a great favor if all who know themselves to be in arrears since the time above mentioned, would send us the amount of their subscription before the first of next month as we want to square up all of those old accounts at that time.  
SCOTT & ROHRER.

## MORE LAND JUMPING.

Mr. Will Whittington of Osage township came into town Wednesday morning and got out a writ of injunction against certain unknown parties who had, on the evening previous, forcibly entered upon and taken possession of a quarter section of land which is owned by a brother-in-law of his, and of which he has charge. As nearly as we can learn the facts of the case are as follows: Tuesday afternoon while Mr. Whittington was out hunting he saw four men driving two wagons loaded with lumber, going toward this piece of land. He met them with a shot gun at a gap in the fence and forbade them entering. They then drove around the field and attempted to enter at another side which was not fenced. Mr. W. met them on the line and again forbade them entering. After some parley, one of the men stepped behind his wagon and drawing a revolver on Whittington cursed him and ordered him to leave. After about 15 minutes he concluded to obey and they entered the place and proceeded to erect a shanty.

The land is owned by Mr. Frank M. Hays, of Illinois, a young man who has been working for wages since then to pay for it. He has just recently got it paid for and is expected soon to take possession of it. His brother-in-law has been pasturing it, built a stock pond, and has got it nearly fenced. Such being the facts it is to be hoped that the courts will show little mercy to the men who are trying to rob him of it. For it is plain robbery and nothing less can be made out of it. The four men were strangers to Mr. Whittington, and we don't know whether they belong to the League or not. If they do not they have certainly taken lessons from that organization for their methods of procedure are very similar. If they are acting by authority of the League, our space is at the disposal of any member of the order who wishes to justify their course. If they are not we will gladly publish an official statement to that effect.

LATER.—Deputy Sheriff Brown who was sent out to serve the writ, reports that as he approached the shanty, which had just been finished, two men got their guns out and stood ready for him. When he informed them that he was an officer, they recoiled from their warlike attitude and said they would come into town and employ an attorney. They said they had just arrived from Missouri; that the League had told them they could hold that land and they expected to do it; that they did not now belong to the League but expected to join it. They also said that they were going to put up another shanty on a claim adjoining. We have only space to ask, what good thing can be said for an organization that encourages and advises men to steal land that has been bought and paid for by hard labor?

## NEW YORKERS IN KANSAS.

For some three or four years past, following the lead we believe, of Ned Dibble, one family after another of people from Orleans county, New York, have been dropping into the Elizabeth Town neighborhood, a few miles east of Colony. Last week it entered into the mind of some one, to get them all together and count noses. Accordingly an invitation was extended to all of them to meet at the residence of Mr. A. L. Dibble in this city, on last Saturday. The invitation was gladly accepted and the result was that forty persons, old and young, met together and had the jolliest time imaginable. We know they had, for it was our great good fortune to be present at the gathering as an invited guest, and we saw them. Seated around a long table spread under the arching trees and laden with an almost endless variety of good things, they were certainly as happy a crowd in appearance as has been seen for many a day.

It seemed to be the unanimous wish of all present that an organization should be formed and that arrangements should be made for holding annual reunions. Accordingly, after the dinner had been disposed of, A. L. Dibble was called to act as temporary chairman and C. B. Randall as temporary secretary. C. E. Everett, D. P. Young and Will R. Lord were appointed a committee on permanent organization. The report recommended that the organization be called "The Orleans County, N. Y. Association of Allen and Anderson Counties Kansas," and suggested that A. L. Dibble be elected president; Mrs. Hollis Smith, vice-president; Miss Phila J. Randall, secretary; and Wm. E. Minckley, treasurer. The report in all its parts, was adopted. On motion, D. P. Young, F. Chatterton and Oaro C. Minckley were appointed an executive committee for the ensuing year. A vote of thanks was tendered Mrs. Will R. Lord, inasmuch as she was the prime mover in this enterprise. Short congratulatory addresses were made by most of the gentlemen present. On motion it was made the duty of each member to notify the others of the sickness or distress of any member of the organization and to render such assistance as was in his power. It was also determined to have another reunion about this time next year, leaving about this time to the discretion of the executive committee. The secretary's report, a copy of which was kindly furnished us, shows the following persons present: Mr. and Mrs. A. L. Dibble; Mr. and Mrs. D. P. Young; Mr. and Mrs. Oaro Minckley, and four children; Mr. and Mrs. C. E. Everett and child; Mr. and Mrs. N. S. Dibble; W. E. Minckley; Roscoe Minckley; R. T. McClu; F. F. Turner; Mr. and Mrs. T. A. Stone; Mr. and Mrs. Will R. Lord, and three children; Mr. and Mrs. Hollis Smith,

and two children; Mr. and Mrs. C. B. Randall and two children; Mr. and Mrs. Chatterton and children; Mr. and Mrs. David Robinson.

At a late hour in the afternoon the company broke up, and we venture the assertion that not one of them could be hired to stay away from the reunion next year. The REGISTER man returns thanks for the courtesies extended—to say nothing of the waternous, cakes, etc. etc., with which he was laden.

## THE FORT SCOTT RALLY.

The republicans of Fort Scott have completed arrangements for a Grand Rally, to be held here on the 27th of September, that being the time designated by the State Central Committee for holding a meeting here. Senator John J. Ingalls and Colonel John A. Martin will be present and will positively address the meetings. Other prominent speakers have been invited, some of whom will be present, as well, also, the most of the state ticket, and Hon. E. H. Funston. There will be a day and night meeting. Tom Anderson's Topeka Flambeau Club will give one of their celebrated displays of fire works, which is worth one hundred miles of travel to see. The Modoc Club will also accompany them and assist in making one of the grandest free entertainments ever held in the state. We earnestly invite the co-operation of every republican in the state as well, also, western Missouri. Or, possible, secure a band, as "music hath charms to soothe the savage beast." Quite a number of clubs have signified their attention to be present and bring bands, but we want every republican to feel that he has a part to perform in assisting to make this the largest, most entertaining, and successful meeting ever held in the west. We want the old and young, the ladies and children. All come. Bring your flags. Come in wagons and on horseback. In order to give every one an opportunity to be present, the Kansas City, Fort Scott & Gulf, Kansas City, Springfield & Memphis, Fort Scott, Parsons & Cherryvale, and the St. Louis, Fort Scott & Wichita railroads have offered the round trip for one fare, (or one-half fare). Look out for large posters and programmes.

C. A. BENHAM, J. W. MILLER, Secretary. Chairman. The evening entertainment will begin with a large torchlight procession, music by bands, clubs, etc. in which all clubs, and persons who believe in good government, are earnestly invited to join, which will be followed by the Flambeau Club display, speaking, etc. etc.

ATTENTION, SANDERS' POST! The next meeting of Sanders' Post will be held Saturday, September 27th at 2 o'clock p. m., to transact business of vital importance to every member of the Post. E. D. LACY, P. C. W. J. Butterfield Post Adj't.

## HOGS, HOGS.

If you want hogs go to Strosnider's sale Monday Sept. 29 1884. Armstrong Auctioneer. Sept. 12 41.

## PIANO AND ORGAN INSTRUCTION.

Mrs. A. E. Wagaman (formerly Miss Mary A. Taylor), a graduate of the Georgetown, D. C. Convent, and for several years a teacher and organist in Cleveland, Ohio, will give lessons to a limited number of pupils. Terms reasonable. Address at Carlyle, Kan.

The Burlington Hawkeye says:—"We know Mrs. Wagaman to be a skillful player and good teacher, and we cordially commend her to all wanting instruction."

## VT. I ACADEMY, OF THE VISITATION.

Miss Tyler was a pupil in our Academy for several years, and devoted a great deal of her time to music. Upon leaving she received one of the highest premiums in the first class. We consider her perfectly competent to give lessons in this elegant accomplishment, and doubt not but that she will give perfect satisfaction. We also found her remarkably amiable in her disposition.

SISTERS OF THE VISITATION, B V M.

## COUNTY NOTES.

### FROM REGISTER REPORTERS.

What is Being Done Throughout the County—Events and Gossip of the Week.

### LaHarpe Locals.

We are glad that Johnnie Patterson was over from Union Town, one day last week. Mr. Frost the agent sent a sample of Mr. French's millet to the St. Louis fair, as some of the finest in that around here. If any of the farmers have any extra fine crops just give Mr. Frost a sample to send to the fair.

Rev. Martin preaches at Elm Dale next Sunday September 21 at 3 o'clock p. m. sharp. Mrs. Sorens is slightly unwell. Mr. and Mrs. Toby start Monday on a visit to New York to visit relatives and friends. We wish them a pleasant journey and visit, and a safe return.

Miss Mary Gifford or Pauline, as she was called to distinguish her from her cousin of the same name, returned to Lawrence her home, last Friday. She has been here since Christmas with her sister Mrs. Reeder, and formed many friends. It was with the deepest regret we saw her leave. Thus one of our small circle of young folks is broken. Wonder whose departure we will have to chronicle next.

Mr. M. Pickel went to Bronson Monday to buy cattle he believed. Grandma French spent over Sunday with her son south of Iola.

Mr. Reeder accompanied his sister-in-law home but returned the next day. As everybody seems to be mending their own business we could not find much to write.

### NEOSHO VALLEY NOTES.

G. W. Kohle is the proud father of a new girl. George Castator struck the top of his foot a terrible blow with a corn knife, which accounts for that number being so loosely mantled.

Mr. Colter's mother is here from Peun. on a visit. Mrs. D. Holmes returned Thursday, from a visit to her old home friends in Ohio.

We noticed Mrs. Anderson, one of the early settlers here, at church last Sunday, exchanging greetings with the remaining few of her old acquaintances.

John Beahm has bought T. S. Rosecrans farm near Pleasant Valley school house.

VALLEYITE.

Allen Center Articles.

Once more, dear REGISTER, we begin to torture our brains to find out whether it has any news in store for you. The following is the result of our research:

Wheat and oats are all threshed in the neighborhood, and now it is brown corn, of which there is considerable in this vicinity. The most of it seems to be pretty good.

Mr. Funk's sister is down from Missouri on a visit.

Some of Allen Center's young folks met at Mr. Crowell's a week ago last Friday evening for the purpose of reviving the Glee Club.

Messrs. Thompson and Swartman have lost several hogs lately. Mr. Thompson thought his had the cholera and Mr. Swartman said he did not know what ailed his as he only saw one sick, but from his description of it we should judge it had something like blind staggers. Would like for correspondents in other parts of the country to report any such cases if there be any.

We understand that Mr. Wiggins has given up the Allen Center school and will go east. Leroy Runyan is teaching the Independence school. Elmer and Mary Remsburg go over on Deer Creek to teach, Mary at Diamond and Elmer in the district west of D.

Independence school house is being treated to a new coat of paint, or a coat of new paint, we don't just remember which.

The sale at Wm. Allen's was tolerably well attended and the stock generally sold well. Allen Center school house will soon be ready for use.

The corn got ahead of most folks who contemplated cutting it for fodder this year, by drying up in a hurry when it got started.

Did the Modoc's widow go shoot his keg of foam out of the window, or is something else the cause of his being so crestfallen lately?

BOBBY BAX.

### Bronson Briefs.

Bather windy for good hay making.

Town looks fresh and vigorous after the shower last evening.

Holman's new building is almost ready for the plasterers. It is a nice building for a three year old town.

School commenced yesterday with a very large attendance. Mr. R. M. Killon and Miss Kate Fletcher being teachers.

Broom corn cutters have been in demand at \$1 to \$1.50 per day and board.

Preaching by Rev. Whitehead on last Sunday evening. The house was well filled and well represented by brides and grooms.

Quarterly meeting begins next Friday and continues over Sunday. Elder Bray will be present.

Will Ford was united in the bonds of holy matrimony to a Kansas City belle, on last Thursday evening; it was well attended.

Carter and Anderson are shipping hogs almost daily, besides Chas. Love & Co. This has got to be quite a shipping point for all kinds of stock.

The democratic rally was well attended and the pole raised by the help of republicans. An address by C. G. P. Smith, of Humboldt, was given in the evening; also one by J. M. Davis, on Prohibition and a little about organization of the republican party, but we and all the balance failed to see where the democratic speech or platform came in.

Come out and see the St. John pole raised on next Saturday, and one for Ben. Butler on the following Saturday, besides speeches on both sides.

### Moran Matters.

Messrs. Honsted & Brown are building a carpenter shop on the south, and Messrs. Mathews & Lambeth are erecting an office on the north side of Love's restaurant; also the new barn yard office is looming up, and others are talking of building.

Mr. Ed. Lacy has just finished a neat barn. Throw away that old straw hat and go to Reese & Osborn's and get you a plug for \$1.25.

Well! Well! Well! And still they come. This week I choose the arrival of Mr. A. C. Kohler, of Steelville, Bridge, Penn., a nephew of G. L. Lowrey, who is so well pleased with this locality that he has bought Mr. Dan Rich's farm, paid \$2,000 cash in hand. Also Mrs. S. B. Hoyt, of Lawrence, a sister of Mrs. Lowrey, and her sons, Dick and Russell, of Scranton, Penn., and Mr. Daniel McGlashen, of Canada, who is a guest of P. J.'s, Lewis Adams, of Nevada, Mo., from his school and wife, of Sheld City, Mo., who are visiting relatives and their many friends in this vicinity. Mr. and Mrs. Rhodes were among the very first in Marmaton township; and the mother of T. F. Baker, who is paying her non a visit. It seems that word has arrived at the east that Kansas is the garden spot of creation, and is this year running over with corn, wine and oil and the people are all rushing here to feast their eyes on our overflowing granaries and never ending fields of corn which is estimated to yield 60 to 80 bushels per acre. Let them come; we have enough to feed the world while it lasts. I mean while our hog and hominy last.

Try a sack of White Swan at Reese & Osborn's \$1.25 cents a sack.

Miss Hays, of Geneva, has been employed to teach the Montvale school.

We neglected to mention last week that Miss Carrie Strong has gone Paola to take a thorough course in the teachers' department at that school.

Miss Elsie Collett left for Fort Scott last Saturday where she takes charge of a room in the central high school building.

Full stock boots at Reese & Osborn's \$2.25.

We were in error last week in stating that Dr. Lambeth had engaged in the real estate business; it is his brother.

Frank Young is taking in the Kansas City fair this week.

G. W. Millice and wife of Mechanicsburg, Ohio, are looking at our country. Mr. M. is a brother-in-law of Mr. G. M. Nelson. They are well pleased and think of locating with us in the near future.

Mrs. Spour and Mrs. Pullman, of Bronson, were visiting friends in town Saturday.

Mr. H. Kavanah shipped the first load of broom corn to Chicago last Monday.

Mr. S. C. Varner lost a good horse last week. Mr. V. had been riding the horse and turned him loose in the lot, when he jumped upon a stake and died in 24 hours.

Miss Fidler has returned to her home in Iowa.

We have had some little rackets in town this week; nothing serious.

Good rains Monday night.

### Salem Sentences.

Mr. Myers has just built a house, Mr. Hines a barn, and Dr. Trege intends to build a house this fall.

The folks school commenced last Monday with Edward T. Barber teacher.

The bonds for a new school house were voted by 23 majority. Another meeting will be held the 18th to consider what shall be done with the old one.

Mrs. David Ferguson and her mother Mrs. Young, were visiting in Wilson county the first of the week.

Rev. Daniel Young went to Butler county to dedicate a church there last Sunday.

Mr. James Ferguson and wife from across the river, were visiting at David Ferguson's last Sunday.

Miss Lou Myler was visiting friends in Colony last week.

Miss Nellie Doudney has been visiting her sisters.
